

Carrier Profile

Per AMA rulebook. Electric models will be permitted to fly in this event. Since there are different AMA rules for glow and electric aircraft (flying rules are identical), if there are both electric and glow planes entered, the scoring will be Record Ratio based on the NCS top 20 score for 2024. Otherwise scoring will be based on actual scores.

Carrier, I & II Combined.

Per AMA rules except:

1. One award for first through third place. Since this is a combined class, scoring is based on record ratio based on the NCS top 20 score for 2024.
2. One award for first through third place. Electric models will be permitted to fly in this event. Since there are different AMA rules for glow and electric aircraft (flying rules are identical), if there are both electric and glow planes entered, the scoring will be Record Ratio based on the NCS top 20 score for 2024 for each class.

Sportsman and 15 Profile carrier

There are no changes in these events. Either glow or electric are allowed.

I follow rules used by the Navy Carrier Society, the carrier SIG in these events
